We serve in harmony

Our focus is to provide locally processed product to meet your needs, especially the daily needs both food, snack and beverages. Some of the processed products (end user) are produced by small medium enterprise production houses and keep maintain the quality, taste famous in Indonesia culinary.

By having HALAL certificate, our food industry standards registration (PIRT, LPBPOM) and we are happy to send even though they start in small quantities first shipment.

For each product packing, size (inner and masterbox) we can convey the details later so that we hope to be able to organize and plan well the delivery process.

All subject for this section depend on supply available and subject by market (pricing, etc.)
